

Introducing the WestWing Recycling & Transfer Facility

**IDEAL
LOCATION.**

**ZONED
INDUSTRIAL.**

**CRITICAL
INFRASTRUCTURE.**

WestWing Recycling & Transfer Facility

Preserves Recycling. Critical Infrastructure. No traffic impact.

Proposed Facility Rendering

Future Facility Entrance

Benefits to our Neighbors

- ✓ Not near homes
- ✓ Future southern access avoids Happy Valley Rd.
- ✓ No impact on property values
- ✓ No trucks on residential streets
- ✓ No off-site odor or noise impacts
- ✓ Limited operational footprint
- ✓ No need for rezoning from residential to industrial

Benefits to the Community

-  Critical transfer point for recyclables & waste to other facilities, keeping residential bills lower and recycling programs alive
-  Located next to WestWing power station, in an industrial park to serve NW Valley
-  Only on/off access at 303 to eliminate traffic concerns
-  Blocked from view by freeway barriers
-  Facilitates growth & prosperity in NW Valley, as other facilities in Scottsdale, Chandler and other parts in the valley have done
