

Community Input Remains Critical to Proposed WestWing Recycling & Transfer Facility

February 19, 2021

SUN CITY, Ariz. (Feb. 19, 2021) – Since we announced the proposed WestWing Transfer and Recycling Facility last week, we’ve received lots of input. We greatly appreciate our neighbors providing ideas and perspectives as we work to develop a site that benefits the community and serves as critical infrastructure that does not currently exist in the Northwest Valley. Some of the steps we’ve taken to reach out include:

- Holding two tele-town halls with more than 200 participants, during which our team answered questions about the proposed facility and addressed concerns individuals expressed;
- Hosting an on-site tour and open house at the proposed facility location with more than 65 neighbors; and
- Responding to several emails from interested residents asking about the facility, voicing their concerns and inquiring how it benefits the community.

We are planning to host another site tour / open house on Saturday, March 6. We invite you to come see the site for yourself. If you are interested in attending, please email us at RSVP@RoseMoserAllynPR.com, and we will provide you with event details.

We appreciate the feedback and input we have received so far, and we look forward to additional ideas from our neighbors. Please visit us online at westwingtransfer.com to learn more.
